

**DELHI POLICE PUBLIC SCHOOL**  
**HOLIDAY HOMEWORK-CLASS IV 2023-2024**

Summer is all about sunshine, tan lines, sunglasses, beaches, long nights, cool drinks, relaxation and if you're lucky, a summer vacation or two.

Dear students,

It's summertime when faces light up with a grin  
As holidays are about to begin  
It's time for the children to play and enjoy  
Free, unbound, high-spirited but safe at home.

Summer break is a vacation time children eagerly wait for. Now is the time to unlock the days creatively, making the most while at home. So, adopt a herb, a house plant or a flower, bake a cake, sing-along, paint and draw, compose your own song or take up your hobby as the school announces the summer vacation.

To ensure that you have a constructive holiday, some holidays' homework & projects have been given which will keep you active and observant. These projects can easily be done by you and parents/elders could assist only where required. You can download the Holidays' Homework from the school website for your convenience and in case of any clarification, you may contact the teacher concerned as it shall be a part of the internal assessment.
